Ok the list has Steve Calanog, Secondy Hubbard, Randy Nattis, Robert Wise, David Yogi, Rusty Harris-Bishop. Some could be in route some could be exiting, some could have been sent to the other ICP in New Mexico. I only know who Robert Wise is, that's it.. If you have pictures of them I might be able to recognize them but theres folks everywhere....

Jason, Kendra, and Jeff,

The numbers we have for EPA personnel currently (8/11/15) in the field:

R8 24

R6 21

R9 2

We don't have a list of these employees.

We would like to know if all these have their H&S training and medical surveillance.

Please confirm if this is true, or provide the number of exceptions.

Thanks,

David Wynn
